Computational methods for the modeling and simulation of the dynamic response and behavior of particles, materials and structural systems have had a profound influence on science, engineering and technology. Complex science and engineering applications dealing with complicated structural geometries and materials that would be very difficult to treat using analytical methods have been successfully simulated using computational tools. With the incorporation of quantum, molecular and biological mechanics into new models, these methods are poised to play an even bigger role in the future.

Advances in Computational Dynamics of Particles, Materials and Structures not only presents emerging trends and cutting edge state-of-the-art tools in a contemporary setting, but also provides a unique blend of classical and new and innovative theoretical and computational aspects covering both particle dynamics, and flexible continuum structural dynamics applications. It provides a unified viewpoint and encompasses the classical Newtonian, Lagrangian, and Hamiltonian mechanics frameworks as well as new and alternative contemporary approaches and their equivalences in [start italic]vector and scalar formalisms[end italic] to address the various problems in engineering sciences and physics.

Highlights and key features

♦ Provides practical applications, from a unified perspective, to both particle and continuum mechanics of flexible structures and materials
♦ Presents new and traditional developments, as well as alternate perspectives, for space and time discretization
♦ Describes a unified viewpoint under the umbrella of Algorithms by Design for the class of linear multi-step methods
♦ Includes fundamentals underlying the theoretical aspects and numerical developments, illustrative applications and practice exercises

The completeness and breadth and depth of coverage makes Advances in Computational Dynamics of Particles, Materials and Structures a valuable textbook and reference for graduate students, researchers and engineers/scientists working in the field of computational mechanics; and in the general areas of computational sciences and engineering.
# Order Form

**All customers from Europe, Middle East and Africa (excluding Germany, Austria, Switzerland)**

Postage rates
(Amounts shown for the total order)
- UK: Surface mail £5.35 / £8.00, Air mail £12.75 / £19.00
- Outside Europe: Surface mail £275, Air mail £14.95

Delivery will be arranged by John Wiley & Sons Ltd, on your behalf via Wiley Distribution Services Ltd. Alternatively you may collect your order by prior arrangement. We can also quote for delivery by courier. Please enquire customer@wiley.com for details. Please allow 21 days for delivery.

### MONEY BACK GUARANTEE
If you are not completely satisfied we will refund your payment without question, if books are returned in a re-saleable condition within 30 days of receipt.

### YOUR PERSONAL DATA
We, John Wiley & Sons Ltd, will use the information you have provided to fulfil your request. In addition, we would like to:
1. Use your information to keep you informed by post of titles and offers of interest to you and available from us or other Wiley Group companies worldwide, and may supply your details to members of the Wiley Group for this purpose.
2. Please tick the box if you do not wish to receive this information
3. Share your information with other carefully selected companies so that they may contact you by post with details of titles and offers that may be of interest to you.
4. Please tick the box if you do not wish to receive this information.

In EU countries the local VAT is effective for books and journals. Postage will be charged. Whilst every effort is made to ensure that the contents of this leaflet are accurate, all information is subject to change without notice. Our standard terms and delivery conditions apply.

### PAYMENT METHODS
- Cheque enclosed, payable to John Wiley & Sons Ltd
- Credit/charge card
  - Maestro
  - Mastercard
  - Visa
  - American Express

- Card security code:
  - For Visa and Mastercard please print the signature panel on the reverse of the card (other American Express the 4 digit code on the front of the card, above and to the right of the imprinted card number).

- Cardholder’s name
- Cardholder’s registered address
- Cardholder’s signature
- Card security code:
  - For Visa and Mastercard please print the signature panel on the reverse of the card (other American Express the 4 digit code on the front of the card, above and to the right of the imprinted card number).

### POST/ZIP CODE
- Postcode
- Country

### TERMS OF PAYMENT:
- Please charge my credit card:
  - Mastercard
  - Visa
  - Amex

In EU customers please include your VAT number

### Customers from Germany, Austria and Switzerland
- PHONE +49 (0)6201 606-600
- FAX +49 (0)6201 606-184
- POST Wiley-VCH, Customer Service Department, P.O. Box 10 11 61, 69451 Weinheim, Germany
- EMAIL service@wiley-vch.de
